Because Jesus is God, He conquered death and rose from the grave. Through Adam everyone inherits death. But now, through Jesus, we are all offered eternal life.

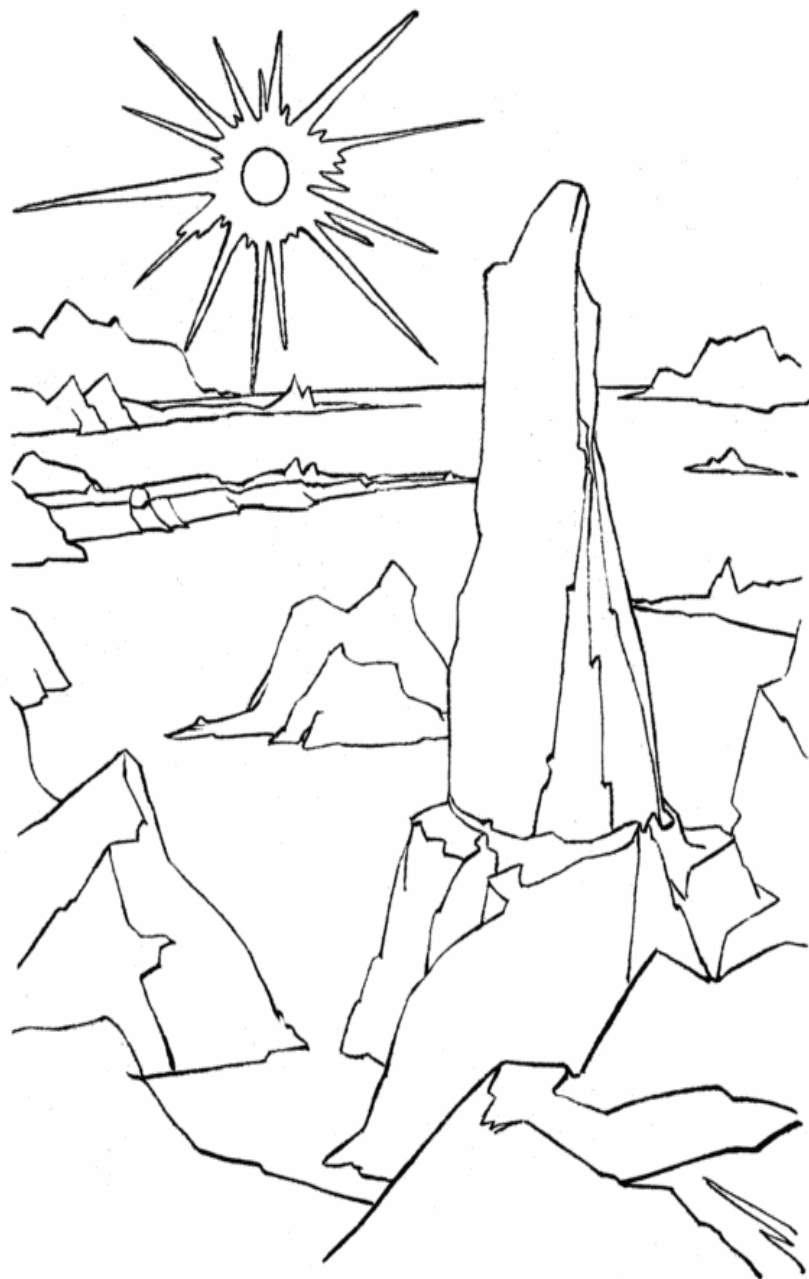

The Chameleon

God gave the chameleon an amazing ability; it can hide itself by changing colors to match its surroundings. Scripture tells us that the Israelites were forbidden to eat certain kinds of animals, including the chameleon.

"...these are unclean for you... the gecko, the monitor lizard, the wall lizard, the skink and the chameleon (Leviticus 11:29-30).

He called the dry land Earth.

God made the world in which we live.

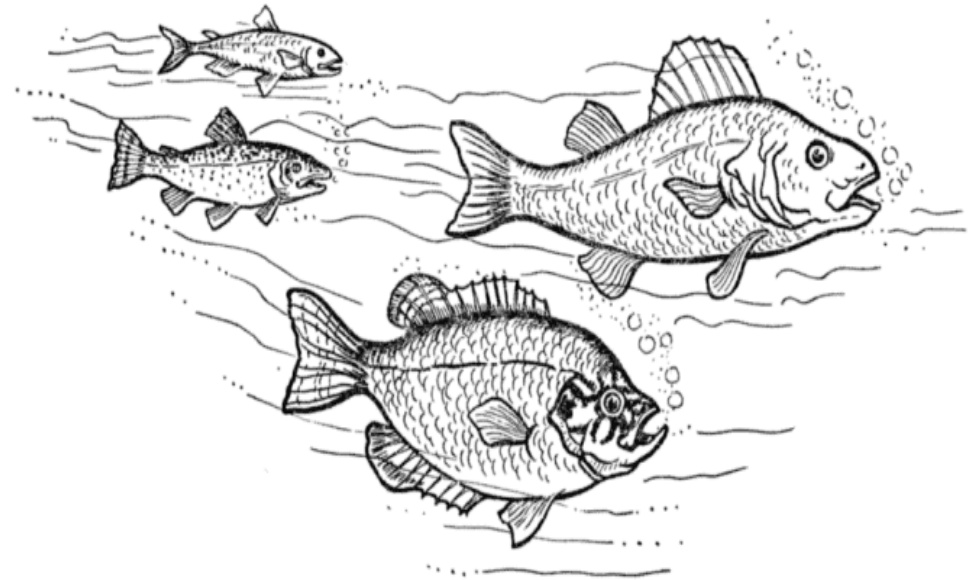

God made all the people on this earth.

He made the birds and

God made the fishes that live in the water.

He made the moon and the stars which shine at night.
