For Lesson 5, pages 52 and 56.

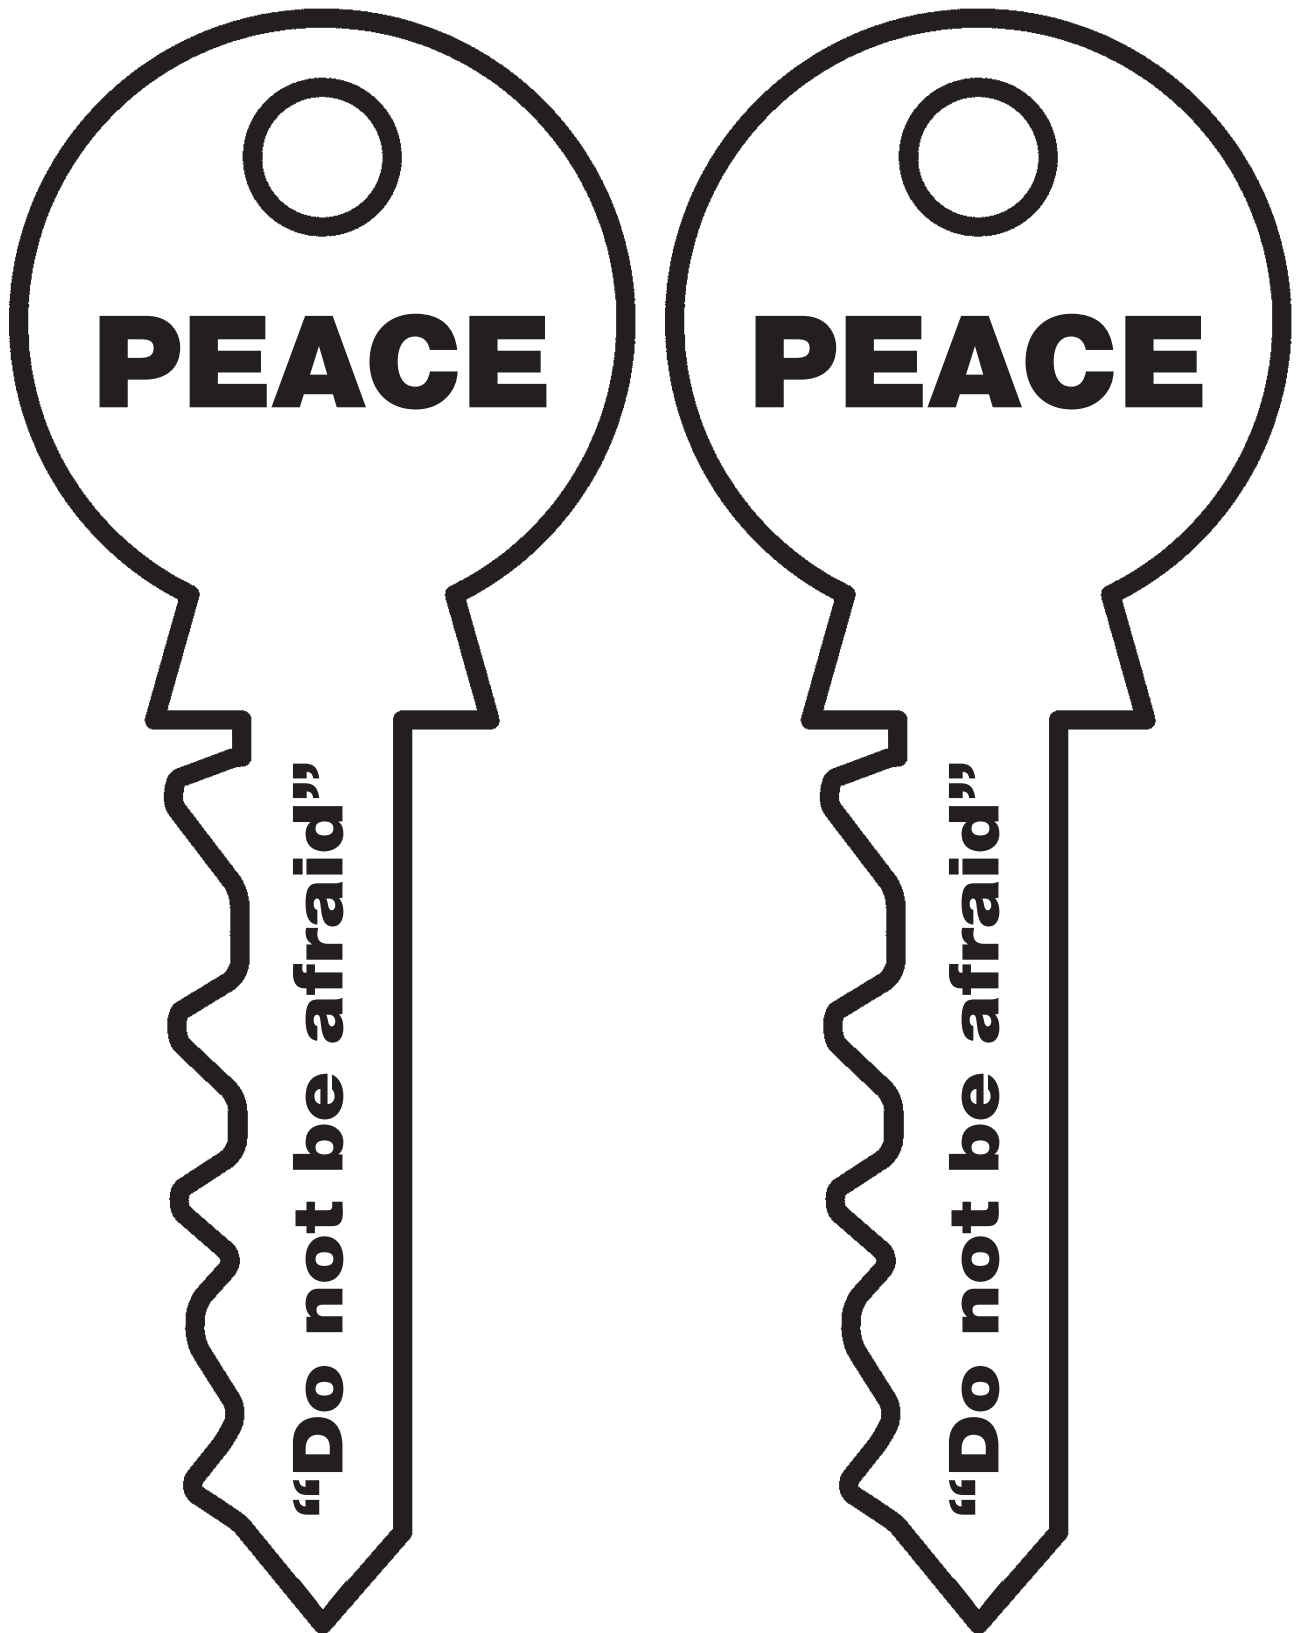

1,000,000,000	<hr style="border: 0; border-top: 1px solid black;"/>	1,000,000,000
		
<p>You are worth much more than this to God.</p>		
1,000,000,000	<hr style="border: 0; border-top: 1px solid black;"/>	1,000,000,000

Write the name of your country on the top line. Then, the name of your currency on the bottom line. In the circle draw a picture of the person to whom you will give this money.

1,000,000,000	<hr style="border: 0; border-top: 1px solid black;"/>	1,000,000,000

Write the name of your country on the top line. Then, the name of your currency on the bottom line. In the circle draw a picture of the person to whom you will give this money.

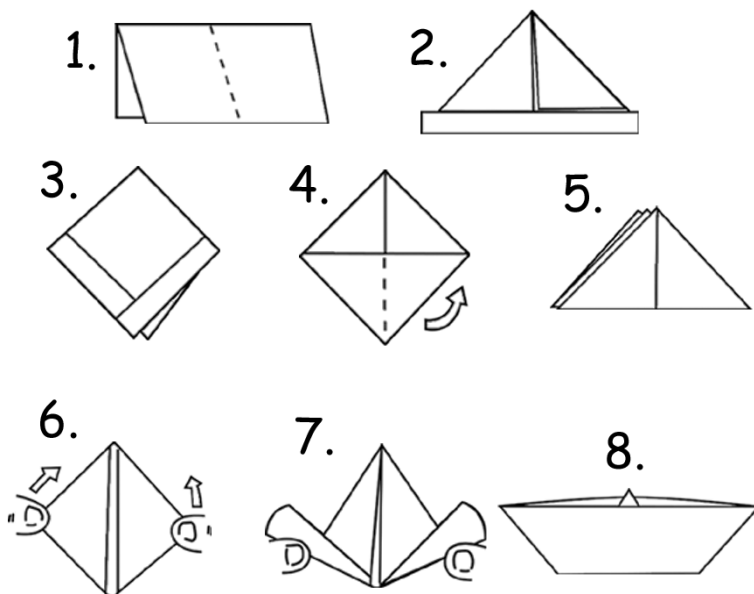

Directions for Making a Paper Boat

Give each student an 8 1/2 x 11 inch piece of paper. Then lead them through the following steps.

1. Fold the paper in half horizontally. Fold this new rectangle in half vertically then unfold it.
2. With the fold on top, fold the top right corner down and in so it lines up with the crease down the middle. Do the same with the top left corner so you're left with an arrow pointing up.
3. Keeping the paper folded, grasp the top layer of the bottom edge and crease it up. Turn your paper over and do the same with the other side. This shape may look like a boat (or hat), but you're not finished yet!
4. Place your thumbs in the middle of the "hat," as if you're going to put it on your head. Pull outward, then flatten the sides of the hat. You should have a diamond shape that's open at the bottom.
5. Bring the bottom of the diamond up to the top, then crease. Turn it over and repeat on the other side.
6. Again, place your thumbs inside the bottom of the triangle and pull out. Flatten your new diamond shape.
7. Grasp the top points of the diamond on either side of the "seam" and gently pull. Flatten your new shape, and you'll have a boat.

(Adapted from *Bible Story Crafts and Projects Children Love* [Loveland, CO: Group Publishing, Inc., 1995], p. 111.)

For Lesson 7, page 75.

For the Son of Man is Lord of the Sabbath

My Happy Sabbath Plan

1. Write five words about Sabbath that make you smile.

2. Plan some things you can do before Sabbath begins (on Friday or before) to prepare for Sabbath.

3. Plan the food you'll enjoy together on Sabbath.

4. Plan a fun way to welcome Sabbath with your family.

5. Plan what you'll do before going to Sabbath School so the morning at home is pleasant for everyone.

6. Plan the afternoon with your family.

7. Plan how to end your Sabbath, and how you will thank Jesus for His love in creating the Sabbath.

Dear Church Family

The primary Sabbath School class recently studied a lesson about the Sabbath, a day to learn about God's love. The class would like to make a useful booklet for you, but we need your help. The title of our booklet will be "Our Favorite Sabbath Activities." Please write below one activity that your family especially enjoys on Sabbath, one that helps you learn about God's love. Then return this paper to someone in the primary department next Sabbath or before. We will put all your ideas together into a book or an e-book and distribute them. Thank you!

The Primary Class

Our favorite Sabbath activity is:

The Primary Class

Our favorite Sabbath activity is:

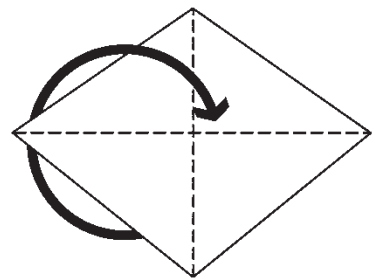

For Lesson 9, page 94.

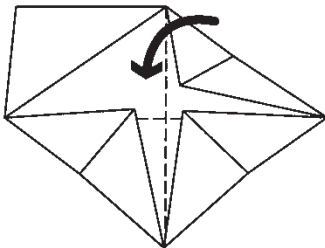

1. Fold a square piece of paper to locate center.

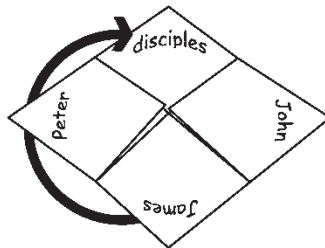

2. Fold the corners to the center.

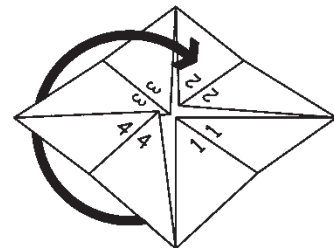

3. Turn the folded square over.

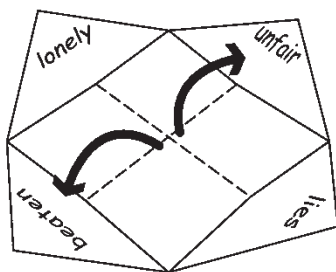

4. Fold the corners to the center again.

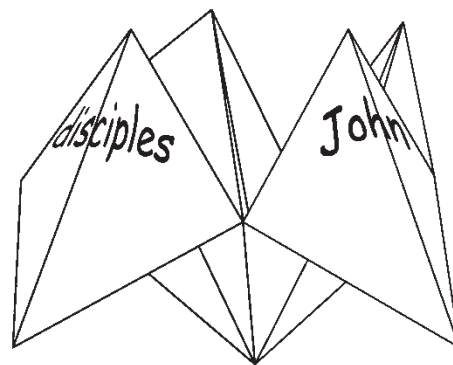

5. Turn the folded square over. Write "John," "James," "Peter," and "disciples" on the four corner flaps.

6. Turn folded square over again. Write two numbers on each quarter (1-4) as shown.

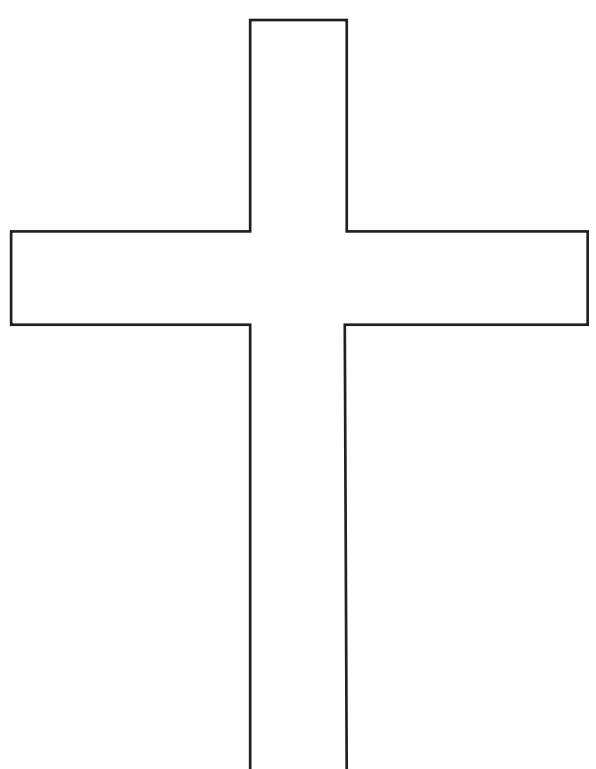

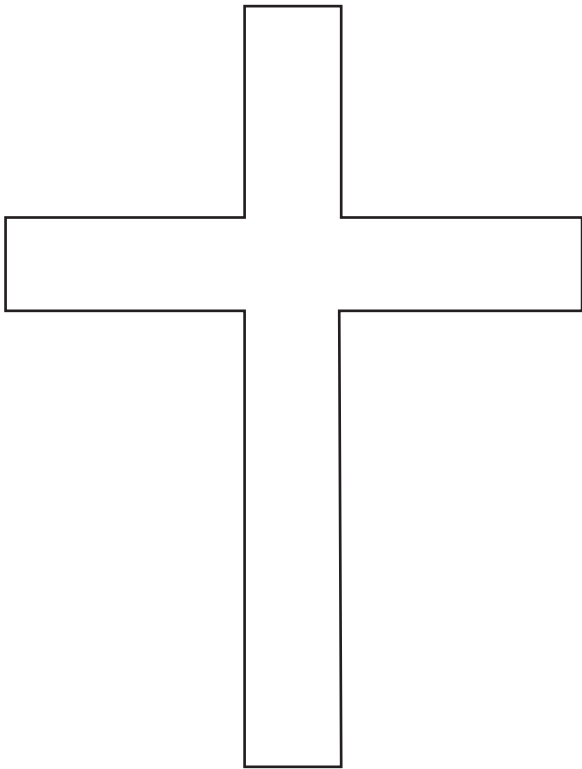

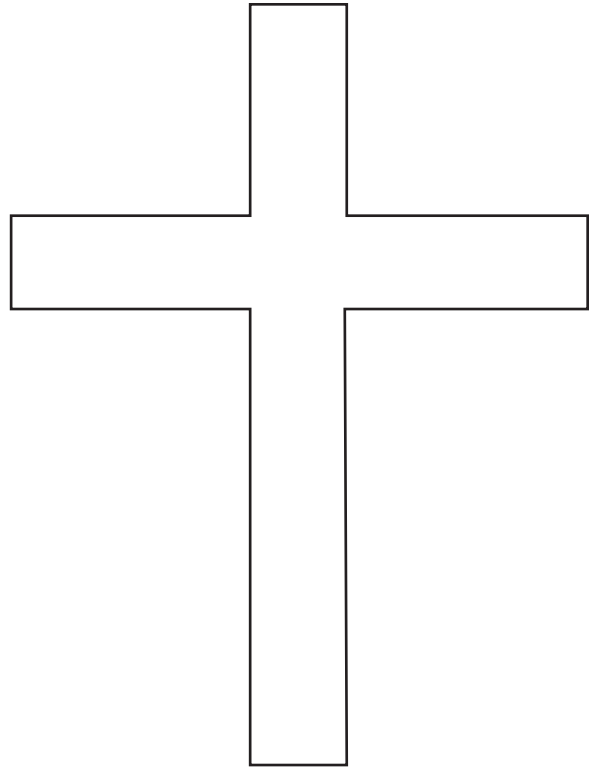

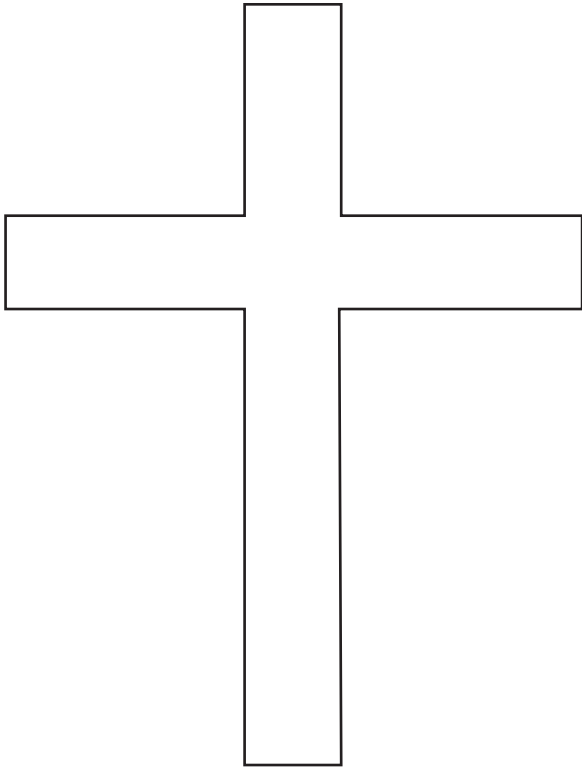

7. Fold out numbered flaps. Under them print "Lonely," "Unfair," "Lies," "Beaten." Fold back.

8. With number side up, put fingers under the flaps labeled "John," "James," "Peter," and "disciples." (Put thumbs and index fingers of both hands under the flaps, pushing all four fingers to meet in the center.) Follow instructions in Experiencing the Story.

For Lesson 11, page 113.

For Lesson 11, page 117.
